Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	17999

Description

It would be great to able to use the excellent new Field Calculator tool in the Modeler. At the moment only the old Field Calculator is available.

As I can see it already here. Reopen if necessary

#3 - 2014-03-26 09:03 AM - Filipe Dias

I can't test at the moment. In QGIS 2.2 with the respective Processing code, doube clicking on "Field calculator" in the model, opens the old field calculator's window.

You mean that with the most recent code, it opens the new Field Calculator window?

#4 - 2014-04-07 03:43 AM - Filipe Dias

I just checked, and the only available field calculator in the Modeler is indeed the Python Field calculator.
