QGIS Application - Feature request #9492
Browser doesn't list layers - WMTS

2014-02-04 09:15 AM - Jonathan Moules

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	Browser		
Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	18083

Description

1) Add this WMTS service:

http://maps.warwickshire.gov.uk/gs/gwc/service/wmts?service=WMTS

2) Connect using the usual WMS/WMTS dialog. It works fine.

3) Go into the browser and try and list the layers - none appear! It doesn't matter if either either the OWS or WMS section is used.

I'd have thought this was a bug rather than a feature.
There's a + icon I can click which does stuff for other data types (WMS/WFS/WCS), but doesn't for WMTS. I'd suggest that WMTS shouldn't be listed if it's not supposed to be implemented, hence my thinking it's a bug.

#3 - 2014-02-22 07:15 AM - Jürgen Fischer

- Status changed from Open to Closed

Fixed in changeset commit:"0dc0483ca2d68ad9ef8fc6f67026a349598c7cbe".

#4 - 2014-02-26 03:03 PM - Jeremy Palmer

As part of this fix I noticed this: #0dc0483ca2d68ad9ef8fc6f67026a349598c7cbe#commitcomment-5460726
