

QGIS Application - Feature request #9525  
add manual entry to coordinate capture

2014-02-10 02:55 AM - Gavin Fleming

<b>Description</b>		
I often need to project single coordinate pairs (as in cs2cs or gdaltransform). I cannot find an equivalent in QGIS. To me the obvious place to put this would be to have the option of manual input coordinate entry into the coordinate capture panel.
