

QGIS Application - Feature request #9663

Version 2.2.0

2014-02-26 12:52 AM - Per Gammerath

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:		
Pull Request or Patch supplied:	No	Resolution: invalid
Easy fix?:	No	Copied to github as #: 18230
Description QGIS says that a new version is released, but all I download is version 2.0.1. Sorry for posting this as an issue, but don't where else to put it.

"Binary packages (installers) for 2.2.0 are currently being updated and will soon be available here."

it is already available for many platforms, Windows included (using osgeo4w installer), the Windows standalone installer will be available soon.
