

QGIS Application - Bug report #9839

Atlas does not honor "fixed scale"

2014-03-23 01:58 PM - Anita Graser

Status: Closed	
Priority: Normal	
Assignee: Nyal Dawson	
Category: Map Composer/Printing	
Affected QGIS version: master	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution:
Crashes QGIS or corrupts data:	Copied to github as #: 18369
Description	
from #9834: "Scale is not honored, I type a fix scale and it keeps resetting the scale" "Fixed scale" seems to work fine with metric CRS (e.g. EPSG:3035) but scale changes when WGS84 is used as a project CRS.
