

QGIS Application - Bug report #9854

Brush styles missing on export from QGIS to MapInfo TAB.

2014-03-24 09:16 AM - Jack Harrison

Status: Closed	
Priority: Normal	
Assignee:	
Category: Vectors	
Affected QGIS version: 2.2.0	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution: end of life
Crashes QGIS or corrupts data:	Copied to github as #: 18383

Description

When exporting a styled layer from QGIS to MapInfo TAB (*Save as>MapInfo TAB, Symbology Export = Feature Symbology*), only line styles appear to be written to the TAB file. Point and polygon styles are missing when the file is opened in MapInfo. Tested with QGIS 2.0, 2.2 (Mac OS X 10.9.2 & Windows 7) and MapInfo 12.0.
