

QGIS Application - Bug report #9920

Add link to sample data

2014-03-28 04:29 AM - Paolo Cavallini

Status: Closed	
Priority: Normal	
Assignee: Richard Duivenvoorde	
Category: Documentation and Help	
Affected QGIS version: 2.2.0	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution:
Crashes QGIS or corrupts data:	Copied to github as #: 18431
Description	
In QGIS-Documentation/output/html/en/docs/training_manual/processing/intro.html there is a reference to the zip file containing the exercise data. A link should be added to the actual zipfile, and the Makefile should zip ../exercise_data/processing/ and place it there	

History

- Status changed from Open to Closed

I think the text is already better:

http://docs.qgis.org/testing/en/docs/training_manual/processing/intro.html

and linking to

<http://qgis.org/downloads/data/>

where there is http://qgis.org/downloads/data/training_manual_exercise_data.zip

I think that is clear enough?

Closing this one, but feel free to open if you think it should be better.

#2 - 2014-12-08 02:30 AM - Paolo Cavallini

Fine to me, thanks.
