

QGIS Application - Feature request #9922

Marker placement options for marker line should be checkboxes

2014-03-28 04:38 AM - Anita Graser

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 18433
Description		
<p>Currently, all options are radio buttons. The user cannot - in one symbol layer - put the same symbol e.g. on the first and the last vertex. The symbol layer has to be duplicated to achieve this. I think that's unnecessary and more difficult to maintain. Therefore, I suggest to use checkboxes instead of radio buttons for the options "on first vertex", "on last vertex" and "on central point".</p>

- *Status changed from Closed to Open*
- *Tracker changed from Bug report to Feature request*
- *Resolution deleted (end of life)*

I still think it would make more sense to have checkboxes in the GUI.
