<b>Description</b>		
<p>It is possible to display coordinates on a map in Composer, by checking <b>Show grid</b> and <b>Draw coordinates</b> checkboxes in <b>Item properties</b> panel.</p> <p>Sometimes it is difficult to see coordinates when they are displayed <b>Inside frame</b>, because the text blends in with other map contents.</p> <p>It would be great to specify a background colour for the coordinates, similarly to <b>Background</b> settings for the map itself.</p>
